News of the World From Coast Papers.

NEW YORK, Nov. 17.—Cabling from Bogota, capital of Colombia, under date of November 13th, the Herald's correspondent says:

General Rafael Reyes left Honda today for Barranquilla.

He has been consulting with the government regarding the necessity of dividing his responsibilities with the Colombian army and in solving the great actual problem of the Presidency by designating Nicolas Esquenao, Liberal, for the Presidency, and Joaquin F. Velez, Conservative, for the Vice-Presidency.

The Municipal Council of Bogota has offered \$500,000 to lead a national patriotic subscription.

Great military movements are going on and the most supreme moments in Colombia's history are coming.

The French steamer due at Colon tomorrow is expected to bring important news from Barranquilla respecting the situation there. A strict censorship has been exercised over all messages from that port and it is believed there is trouble of some sort which Colombia desires to keep secret.

Important events are also anticipated between Venezuela and Colombia. It is reported here that President Castro may take advantage of the present situation to extend Venezuela's territory beyond the Orinoco.

GUATEMALA AND PANAMA.

NEW YORK, Nov. 18.—In response to a request for the attitude of the government of Guatemala toward the new republic of Panama, President Manuel Estrada Cabrera has cabled the Herald as follows:

"In Guatemala, the recognition of the republic of Panama as a nation by the United States is regarded as a matter wholly within its rights. In Guatemala, Panama's sovereignty will be observed and respected.

"This nation, as a matter of fact, believes that the resolution for the establishment of the republic is valid under international law.

"Guatemala, however, up to the present time has received no information or communication from the people of Panama or Colombia, other than such as is contained in the public press."

A PANAMA MAN'S VIEWS.

NEW YORK, Nov. 23.—Federico Boyd, a member of the commission of the Government of Panama, which has just arrived from Panama, says that in a few days a constitutional convention will meet to formulate a system of government which will follow closely the lines of the United States Constitution. In discussing the revolution he was asked:

"What assurances, if any, did you have from the United States in reference to its attitude toward the uprising?"

"We knew, of course," he replied, "that American men-of-war would be there to see that the traffic across the isthmus was not interrupted and we knew for that reason landing of Colombian troops would not be permitted. Outside of that we had no assurances. What we did do on our own responsibility and depended upon the justice of our cause for recognition. The question of possible annexation of the isthmus to the United States had not yet been talked about.

"The sentiment of the people of Panama," Mr. Boyd added, "is to make the isthmus what it seems destined to be from its geographical position and to place it where it can perform most efficiently its mission in the interest of progress and civilization and become what it has been intended to be—a link binding together the two Americas and a gateway between two worlds. The building of the canal now lies with the United States."

NEW SAYINGS OF JESUS.

LONDON, Nov. 14.—Many hitherto unknown sayings of Jesus Christ have been discovered in Egypt by archaeologists, who have dug up papyrus buried since the second century 100 miles south of Cairo. Dr. Bernard P. Grenfell, who has been engaged in Egyptian excavations since 1894, at the general meeting of the Egypt Exploration Fund, held yesterday, gave the following details:

Accompanied by Dr. Hunt, Dr. Grenfell found a rich Ptolemaic necropolis at El Hibe. The bulk of the documents from the one mound consisted of a collection of sayings of Jesus. They are all introduced with the words "Jesus saith," and for the most part are new. The ends of the lines, unfortunately, are often obliterated. Apparently all the sayings were addressed to St. Thomas. One of the most remarkable is:

"Let not him that seeketh cease from his search until he finds, and when he finds he shall wonder; wondering, he shall reach the kingdom, i. e., the kingdom of heaven, and when he reaches the kingdom he shall have rest."

Dr. Grenfell remarked that enormous interest would be also aroused by the discoveries on account of the variations they disclosed from accepted texts.

One variant of mystical saying recorded in St. Luke, "The kingdom of God is within you," was of great value, as the saying in the papyrus appeared in quite different surroundings from those attributed to it by the evangelist and extended far into another region. According to Dr. Grenfell, these sayings formed the new Gospel which is traditionally associated with St. Thomas.

An interesting variation of the Gospel according to St. Luke, eleventh chapter and fifty-second verse, "Woe unto you lawyers, for ye have taken away the key of knowledge; ye entered not in yourselves and them that were entering in ye hindered," reads in the papyrus, "Ye have hidden the key of knowledge, ye entered not yourselves

THANKSGIVING, 1903.

How shall we pay the debt we owe to Thee?
Is it enough that we should thankful be?
That heart and voice should join in fervent praise,
And sing their gladness in melodious lays?

That in thy house we bow with mien devout,
And leave our worldly thoughts and plans without?
For one brief hour be consecrate to Thee?
Nay! evermore we must indebted be.

Our lives with all their plenteous store of good,
Are all Thy gifts of loving Fatherhood,
And every day renewed. We must depend
Upon Thy love and care, world without end.

Lo, all our future lies, how clear to Thee!
But what the morrow brings, we may not see.
When dawns on us the spirit life to come,
Thy love alone to us can make it home.

That we the heavenly gates may enter in—!
Unworthy we, whose lives are marred by sin!
This gift of gifts—the birthright we had lost,
Restored to us! but at what heavy cost!

So hast Thou loved the world that Thou didst give,
Thine only Son that we through Him might live!
Thine heart of love in Him Thou dost reveal,
And to our wayward hearts make love's appeal.

Oh! never can we pay our debt of love
To Love Divine, yet shall the ages prove,
That as we rise in those pure realms of peace,
Our grateful love shall evermore increase.

Thanksgiving Day.

and to them that were entering in ye did not open."

Another fragment contained a discourse of Christ closely related to passages of the sermon on the mount and a conversation between Christ and his disciples, in which Christ answers a question as to when his kingdom will be realized, saying:

"When ye return to the state of innocence which existed before the fall."

A valuable find was found, written in Latin, giving the text of the epistles to the Hebrews and epistle of Livy's six lost books. This, with other papyri, covering the period 150-137 B. C., threw much new and valuable light on the history of the world and marked the recovery of hitherto classical literature of Egypt. A quaint instance of the business methods in vogue 137 B. C. is shown in the discovery of an amusing contract whereby a slave boy was to be taught shorthand for 120 drachmae. The payment was arranged on a thoroughly businesslike basis—40 drachmae down, 40 on satisfactory evidence of progress, and 40 on the attainment of proficiency.

MIDWAY ISLAND'S NEEDS.

WASHINGTON, Nov. 17.—Secretary Moody today transmitted to the Senate a letter from Vice-President Ward of the Pacific Cable Company, calling attention to the conditions at Midway Island which make the maintenance of the cable station a matter of great difficulty and asking for Government aid.

Colonel Ward says the station was located at Midway because the Government demanded an all-American cable, and he now asks that the ordinary aids to commerce be given to Midway in the way of buoys and lights. He also wants a part of the coral reef removed and the lagoon improved and landing facilities provided, as well as a marine guard stationed at the island to preserve order.

INCREASED SUGAR PRODUCTION.

WASHINGTON, November 15.—The Department of Agriculture, in its official crop report for November, announces that the indications are that the world has entered on a new era in the production of cane sugar. The Department quotes estimates placing the total sugar production of the world in the year 1903-4, at 10,425,800 tons of 2240 pounds each, including 4,342,800

tons of cane sugar and 6,083,000 tons of beet sugar, and says as to cane sugar:

"During the past five years the world's output of this product has increased from 3,000,000 to more than 4,000,000 tons, quantitatively the greatest increase ever made in any five-year period in the history of this industry. Moreover, for the first time in a half-century the ratio of increase in the world's production of cane sugar has exceeded that of sugar made from beets, the percentage of increase in the former product for the five years being about double that of the latter.

"The four years from 1900-01 to 1903-04, inclusive, were each in its turn record-breaking years for the production of cane sugar. The previous high record crop (3,530,000 tons) was that of 1894-95, the crop made just before the outbreak of the revolution in the most important producer—Cuba.

"The high record crop in the history of the world's beet sugar production was that of 1902-03. Since that date, there has been a decline in the production in Europe, amounting in all to about 1,000,000 tons, but the present year's estimated output still shows a considerable increase over that of five years ago."

The report says that about 80 per cent of the cane sugar of the world is now annually produced on tropical and semi-tropical islands. Cuba and Java contribute about 45 per cent of the world's supply of cane sugar.

WILL FORCE THIBET.

KARACHIA (British India), November 16.—The Viceroy, Lord Curzon, and party, escorted by four battleships, sailed today on a tour of the Persian Gulf.

The expedition, commanded by Colonel Younghusband, which is being prepared in India to support the British mission to Thibet, starts in a few days. It has been ordered to occupy the Chumbi valley, the key to Thibet, and to advance on Gyantse, an important center 150 miles from Lhasa. The object of the mission is to discuss with the Thibetan authorities their non-observance of treaties and consequent injury to the trade of India and Thibet. The Dalai Lama treated the mission offensively and sent subordinates who refused to receive the British unless the latter retired from Khambojong into Indian territory. Colonel Younghusband refused to do so, fortified the

Varicocele Ruins the Lives of Thousands of Men.

That's what's dragging your life out. That's what's making you so tired, so listless and stupid. That's what's robbing you of your strength, your nerve force, your ambition. It is draining the very sap out of your body and will make a wreck of you in time. Cure it now before it goes too far on you.

I Guarantee a Cure

I have cured thousands after the knife had failed. Don't be cut and ruined. Let me cure you naturally. My Electric Belt works directly upon the swollen veins by a special attachment. It removes the dead blood and gives vigorous circulation. It is a certain cure.

Carson City, Nev.

DR. McLAUGHLIN—Dear Sir: I can truthfully state that I have not felt the least bit of pain since I commenced your treatment, and the varicocele is, to all appearances, cured. I think the Belt a wonder, and its convenience of application remarkable. I gladly recommend the treatment to all sufferers.

WM. DECKER, JR.

It will cure you, too. Come to me now, and it will be the happiest day of your life. If you can't call, send for my book. It will tell you if you are afflicted. Consultation free.

YES OR NO? \$5000

Honolulu People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far-away place than residents of your own city?

We think not! for home proof can easily be investigated.

Mr. W. J. Maxwell of this town, Trustant officer, writes thus: "I suffered with a horrible pain in the small of my back (an almost invariable symptom of kidney trouble) for a number of years. I was advised to take some of Doan's Backache Kidney Pills, and following the suggestion, I went to the Hollister Drug Co.'s store, Fort street, and got some of these. Having taken them, they relieved me straight away, and are, I may say, the best and in fact the only cure for backache. I have mentioned the virtue of this wonderful remedy to several persons, among whom is my friend, Mr. Frank Metcalf, who found relief, and he is now a firm believer in Doan's Backache Kidney Pills."

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

camp occupied by the mission and then himself returned to report to the Viceroy. The result is that the former has been granted a considerable force to support the British demands.

A settlement of the matter is improbable. The Lhasa Government declares it is determined to fight. It is distributing quantities of rifles and is telling the people to prepare for war. The soldiers throughout the country have been warned to be in readiness.

It is reported in India that the Thibetans expect Russian support against the invasion. A Russian emissary, who formerly was in the Chinese customs service has been in Thibet for some time and has acquired great influence over the lamas and priests, who claim to have discovered by divination that the present year is propitious for war. The Government of Nepal, a state on the frontier of Thibet, has warned the people of Thibet against the Russians and has given notice that Nepal will not assist the Thibetans against the British.

ROCKEFELLER'S INCOME.

NEW YORK, November 16.—With kerosene oil retailing at the highest price in many years and John D. Rockefeller declaring that the natural supply of the best grades of oil is rapidly being exhausted, the Standard Oil Company declared a dividend of \$12 on its stock for the quarter. This was the regular quarterly pay day for the stockholders in the great-trust, a total of \$44 in dividends being paid to them on their shares this year. On February 16th, \$20 was paid; May 16th, \$7, and August 12th, \$5. Last year the total dividend was \$45.

John D. Rockefeller collects dividends on 65 per cent of the capital stock of \$100,000,000. This will make his income from the oil trust \$28,600,000 for the past year. His associates and stockholders will collect a total of \$14,750,000.

On the curb, where Standard stock is dealt in, the price jumped \$5 a share as soon as the dividend was announced and there was a scramble to buy. At the opening of the trading today Standard brought \$655 a share. It leaped to \$658 and then to \$660.

UNCLE TOM AVENGED.

LOGANSPOUT (Ind.), November 10.—After forty years the worm has turned and Legree, the villain of "Uncle Tom's Cabin," is in for a good licking. Leon Rhodes played the role here last night. He did it so well that Frank Marshall, a former slave in the cotton fields of Dixie, thought it was up to him to avenge the outraged feelings of himself and his race.

Just after Uncle Tom had been scourged with the snake-whip, Marshall rushed upon the stage, declaring that he was going to clean out the Legree family. Topsy fairly screamed with delight, little Eva's hollow eyes started in wonderment, and Lawyer Marks whispered from the wings, "Go after him Rastus." The audience seemed to think something was due Legree and urged the negro on.

Marshall was on the point of doing some realistic work with his black hands clenched about Rhodes' throat when the stage hands rushed in and saved the villain.

"That was the sincerest compliment ever paid me," said Rhodes after he had been safely lodged in his hotel, "but I'm not looking for any more of the kind."

A MEMORABLE LETTER.

HARTFORD (Conn.), November 12.—The historic letter of General Grant, accepting the nomination to the Presidency, and ending with "let us have peace," has been found among some waste paper here by a scavenger.

The letter was addressed to General Joseph R. Hawley, President of the National Union Republican Committee, and is dated May 23, 1865. After General Hawley went to Washington as Senator the letter disappeared and was believed to have been lost. Workmen taking waste paper from the cellar of the Courant building to send to the ragman, tossed out a bulky envelope which was picked up by the man in charge and taken to the office. It proved to be the long lost epistle, the last paragraph of which reads: "Peace and universal prosperity, its consequence, with economy of administration, will lighten the burden of taxation, while it constantly reduces the national debt. Let us have peace."
